4.10 SCHOOL BOARD APPROVES THE FLORIDA SAFE SCHOOLS ASSESSMENT

RECOMMENDATIONS- Mr. Gerald Powers, Director of Safety and Mental Health gave a summary of the Florida Safe Schools Assessment Recommendations listed below:

2.1.1 Objective: To provide a safe learning environment for the students, educators, and staff of Lafayette County Schools through prevention, intervention, and emergency preparedness planning.

2.1.2 Positive School Measures: Both schools continue to excel in creating a positive school climate through leadership, teacher commitment, and student involvement. In 2019-2020 over \$120,000 in security improvements were made, as well as low/no cost improvements in communication, video monitoring and emergency response with our partner agencies (law enforcement, fire/rescue, emergency management).

2.1.3 School Security Risk Assessment Results Summary: The assessment identified areas at both schools that can be remedied with little to no funding, to include the establishment of a School Safety Advisory Committee. In addition, there are areas that will require substantial long term commitments in funding including fencing upgrades, door hardening, video monitoring, access control systems and traffic calming measures.

2.1.4 District Assessment Results Summary: Assessment identified areas for improvement that require little to no funding; expansion of district wide training opportunities, and creation of a student school safety survey to illicit feedback on safety measures being implemented.

2.1.5 Strategies and Actions to be Taken: Review safe schools funding and available grants to determine if any security recommendations can be addressed within the fiscal year within the current budget. Work with other district administrators (finance, support services) to develop an implementation plan to provide funding for long term security enhancements.

2.1.6 Fiscal Impacts: Based on assessment findings and recommendations the total fiscal impact over the next 3 years will exceed \$100,000. A non-competitive grant is available this year for the district in the amount of \$42,000. Reliance on this school hardening grant cannot be considered for the long term.

2.1.7 Timelines: Long term security enhancements should be expected to be completed over the next 1 - 3 years.

2.1.8 Conclusion and Recommendations to the School Board: The school safety assessments clearly show that there continue to be great strides being made within the district in regards to school safety and security. We have identified security measures that can be implemented with little to no funding and we will begin work on those areas immediately. Based on findings from the assessment team and

local responding agencies, the district needs to develop a long term plan to enhance more costly security measures. Priority should be given to the expansion of the video surveillance capabilities at both LES and LHS, as well as enhance current key control and an increase in access control devices at LHS.

Mr. Darren Driver moved to approve the Florida Safe Schools Assessment recommendations. Mr. Taylor McGrew seconded the motion. The vote for approval was unanimous.

4.11 SCHOOL BOARD APPROVES THE 2020-2022 SCHOOL HEALTH SERVICES PLAN

AMENDMENT – Mr. Jeff Walker moved to approve the 2020-2022 School Health Services Plan Amendment for Lafayette School District. Mr. Darren Driver seconded the motion, which was unanimously approved. (Plan on file in district office)

4.12 SCHOOL BOARD APPROVES BUDGET AMENDMENTS – The following budget

amendments were unanimously approved on a motion by Mr. Darren Driver and a second by Mr. Jeff Walker: Contracted Program Fund No. 1 and General Fund No. 1.
